

Dear LaddersFree Member

Reference: Supply of Powered Access Equipment

As one of Europe's leading specialists in access equipment rental, we supply turn-key solutions to industry, media and public event sectors. Loxam Access offers both flexible hire periods and competitive rates, resulting in a complete solution whatever your current challenges or requirements.

Indeed, with more than 35 years experience and over 3800 machines, Loxam Access is the ideal solution for your powered access needs, including:

- **Self-propelled booms** up to 38.4 metres with a full range of specifications.
- **Scissor platforms** with a full range of specifications to a height of 17 metres.
- **Van and truck-mounted platforms** to a height of 72 metres.

With the skills and expertise to provide solutions for the broadest range of industries and projects, Loxam Access has a strategically located branch network that incorporates **17 sites throughout the UK and Ireland.**

In addition, its services are backed up by **fully qualified technical engineers** whose expertise is available on request.

You can find out more by visiting **www.loxam-access.co.uk** or you can call the Loxam Access team on Freephone 0800 626220 or any of the numbers stated on the back of the brochure. Please call 0208 595 7614 to receive your current Loxam Access brochure.

Best regards,
